

Dear Parents:

From the people who provide JASON, there is a competition called eCYBERMISSION. **eCYBERMISSION is a web-based** science, math and technology competition for 6th, 7th, 8th and 9th grade teams of 3-4 students each.. Each team will propose a solution to a real problem in your community and compete for regional and national awards.

eCYBERMISSION challenges your student to **explore how science, math and technology work in your world.**

For further information, please feel free to check the website:

www.ecybermission.com

We will try to complete most of the requirements during lunch and recess, but after school meetings may become necessary towards the end of the competition in order to complete the project in time. You will be notified in advance. The competition ends with the submission of the project on February 19, 2008.

I must have this returned no later than October 15, 2007. Thank you for permitting your student to compete.

Sincerely,

Mrs. Casselbury

Cc: Mr. Chiplock

I give my student permission to participate in eCYBERMISSION:

Parent Signature

Printed Name

I will do my best to complete all tasks required.
